A Man's Journey

Kurt's Story of Transformation

Kurt came to the Men of Nehemiah during the pandemic. He was deep in addiction abusing alcohol and using meth daily. One Sunday morning Kurt started receiving texts from his sister who was visiting a church in North Texas where the Men of Nehemiah were singing. Kurt's sister explained that the program was free and encouraged him to enroll. At first, Kurt was scared and skeptical he would be a good fit with a military-style program but decided to enroll.

Kurt recently explained to our case manager the changes he experienced here. He said he's learned to respond to his feelings differently. He realized from working with his counselor that he was caring around a lot of anger. He explained that he acted like a child rebelling against authority and only being focused on himself. Through the military-style discipline of the program, Kurt learned to build healthy relationships with other men. Now sober for over 7 months, he's excited about entering the final phase of the program. Kurt is excited to start a new job soon working as a teacher's aid for special needs adults.

Without the program, Kurt said he would still be in his addiction doing drugs and alcohol until he was dead. His family sees the change in him. On a recent family visit, Kurt's nephew made the comment that his uncle is now strong.

**But those who hope in the LORD will renew their strength.
They will soar on wings like eagles; they will run and not
grow weary, they will walk and not be faint.**

A Mentor's Journey

Growth Through Relationship

For about eight years, Sam Zurawel has been involved with Men of Nehemiah. Sam started volunteering as a mentor. Each week, he has lunch with Aundray who is currently in our nine-month residential program. Sam and Aundray are transparent with each other and the challenges they face in their lives. Both have benefitted from each other's perspective and both continue to learn from one another each week.

Aundray described that being vulnerable with Sam and talking about his shortcomings has been therapeutic for him. Both he and Sam have found more similarities than differences in their lives. Sam says that when men get together and talk freely and honestly with each other, amazing things happen.

"So many of the great things that have happened in my faith journey have come through time spent with this ministry." -Sam

"I think God always gives us a solution to our problems. He does that through relationships. Healthy relationships are where men become men." -Aundray

"The reason why this mentoring program works is because we are transparent. When we can talk freely and learn from each other, amazing things happen." -Sam

being confident of this, that he who began a good work in you will carry it on to completion until the day of Christ Jesus.

A Message From Our Founder

We have had an amazing start to 2022 and are grateful about the impact Men of Nehemiah is having in the lives of our men. In the first quarter of this year we have had more men join our program than ever before. All of this would not be possible without the generosity of our supporting partners, and we are incredibly blessed to have you on this transformational journey with us.

In the coming months, we will be releasing new web updates and materials to help better connect and inform you of the impact your generosity is making.

We are humbled by your partnership and hope that you are encouraged by all God is doing through this ministry.
